# Check list

Before you start assembling your cage, please check if you have all the components.  
If any part is missing or damaged, do not use your cage.

- A** 1 plastic base
- B** 1 back panel
- C** 1 front panel with door
- D** 2 side panels
- E** 3 wooden perches
- F** 4 side profiles - 512 mm
- G** 2 feeding bowls
- H** 4 bottom corner pieces
- I** 1 roof panel

Attach 2 side profiles of 512 mm (f) on the roof. Slide the back panel (b) into those 2 profiles. Make sure that the vertical wires of the panel are facing outwards.

Assemble the 2 remaining side profiles (f) on the roof.

Slide the 2 side panels (d) in the vertical profiles on both sides. Make sure that the closures are facing outwards. Finally, slide the front panel in the vertical profiles. Make sure the door is facing outwards.

Fix the 4 corner pieces (h) on the vertical profiles.

The wire part of your cage is now assembled. Turn the wire part upside down and put in on the plastic tray.

Install the accessories and your cage is now ready for use.
